## Graduation Requirements

---

Students attending CAN Academy will need to complete grades 9-12 for graduation. The State requirement for the standard high school diploma is 23 credits. There are no State Exit Exams Required.

### Fast Path Adult Program

Since the courses at CAN Academy are completed online, there is no need to attend a traditional classroom. Online courses can be accessed from any location with access to the Internet.

Adult learners are able to complete online high school courses on their terms and schedule. This helps adult learners' complete high school much faster than attending a traditional high school.

The Fast Path Program at CAN Academy is generally completed in a shorter period of time by transferring credits earned from your previous high school experiences, and completing the remaining credits required to graduate.

Adult students often complete the remaining credit requirements in as little as 3-6months. Two years may be the maximum if you have little to no credits to transfer. Personal motivation and 100% effort will be the key to your success!
